EasyChair

EasyChair is a conference management system that is flexible, easy to use, and has many features to make it suitable for various conference models. It is currently probably [the most commonly used conference management system](#). If you would like to know why you should use EasyChair for your conference, [look at this image!](#)

What EasyChair Helps You to Do

EasyChair was designed to help conference organisers to cope with the complexity of the refereeing process. The current version supports

1. management and monitoring of the program committee;
2. sophisticated and flexible management of the access of PC members and referees to papers and conflicts of interests;
3. automatic paper submission;
4. paper assignment based on the preferences of PC members;
5. list of the latest events;
6. submission of reviews;

...sending email to PC members, referees and authors:

Testimonials

I'm very impressed by the paper assignment algorithm of your system - definitely the best result I ever got ... Both Thomas and I would like to use it for ICDT
